Copy of Order of the Returning Officer against the objections received for the candidature of Mr. Aziz Mohadi Bukhari.

I have heard the objections with regard to the candidature of Mr. Aziz Mohadi Bukhari. The main ground urged for the removal of his name from the list of candidates is that he is subject to the disqualification specified in Section 12 (2) (*e*) of the Mysore Town Municipalities Regulation of 1933, *viz.*, non-payment of municipal dues even after the service of a special notice in this behalf and that this disqualification has not ceased. I think that this sub-section applies to bye-election and not to General Elections as the marginal heading of the sub-section on page 11 is noted as "Disabilities from continuing a Councillor" and the sub-section (2) itself convinces as hereunder. "If any Councillor during the term for which he has been elected or appointed becomes subject to any disqualification . . . . . he shall be disabled from continuing to be Councillor and his office shall become vacant."

A Councillor, when office has become vacant under this sub-section, shall, if his disabilities ceased, be eligible for re-election or re-appointment. The sum and substance of the above wordings may be summarised as follows:—

(1) That a Councillor elected or appointed should be declared as disqualified under any of the clauses specified in Section 12, sub-section (1)and (2).

(2) That as a consequence of this disqualification his name should have been removed from the Councillorship, giving room for a vacancy in the Council.

(3) That the person whose name has been removed from the Councillorship shall not be eligible for re-election or re-appointment unless his disability has ceased.

Mr. Bukhari has applied for candidature in the ensuing General Elections and not for a casual vacancy that might occur after the council is duly reconstituted by means of a General Election. The present election is a General Election to which Section 12 (2) does not apply. Hence I over-rule the objection. The name of Mr. Bukhari will therefore be allowed to remain in the list of candidates.

16th July 1934. } *President and Returning Officer*

[*Vide* Reply to Question No. 23 (*a*).]

Statement of the several Revenue Concessions sanctioned by Government in view of the Agricultural Depression.

1. *Remission of Land Revenue.*—(*a*) The application of the rules of remission on wet lands has been liberalised, so as to make the rules applicable even in cases in which there was failure of crop during a single year (and not in three successive years).

(*b*) Grant of special remissions outside the ordinary rules in respect of tracts where there was widespread failure of crops, owing to excessive rains or other special causes.

2. *Moderation of Miscellaneous Demands.*—(*a*) Collection of Record of Rights fees has been made to commence one year after the completion of the preliminary record and option has been allowed to pay the fees in not more than three equal yearly instalments, subject to a minimum of Rs. 2 per instalment.

(*b*) Deputy Commissioners have been permitted to allow at their discretion suspension of payment of the instalment due on account of loans during the year 1933-34, and in special cases to suspend the repayment of one annual instalment in arrear, if such repayment is found to be unduly burdensome, on additional interest being charged by reason of these suspensions.

(*c*) Similar discretion was vested in the Deputy Commissioners in the matter of recovery of contribution for tank restoration and also of tank maintenace advances.

(*d*) Rates of ordinary and penal interest on Land Improvement and Takavi Loans have been temporarily reduced from 6½ and 8 per cent to 5½ and 6¼ per cent, respectively, for one year from 1st January 1934.

3. *Relaxation of Coercive Processes.*—(*a*) Deputy Commissioners were permitted to give time to persons who had to make large payments of revenue.

(*b*) Forfeiture of lands for arrears of land revenue was ordered to be confined to those survey numbers on which the arrears were known to have accrued.

(*c*) Restoration of component survey numbers on which assessment was paid was permitted, although there were outstandings on the remaining survey numbers in the khate.

(*d*) It was ordered that no penalty or upset price need be levied, while restoring khates on payment of arrears and of costs

(*e*) All notice and isthihar fees were remitted after the arrears were paid before the official year, whether the arrears related to the year 1933-34 or previous years and whether the payment was made before or after the sale.

(*f*) Applications for restoration of khate were exempted from payment of stamp duty.

(*g*) Notice fee was reduced to four annas in all cases.

(*h*) Deputy Commissioners were directed to make a liberal use of the powers vested in them under Rule 35 of the Land Revenue Rules, as regards the remission of arrears without recourse to further process by distraint of movables or by proceeding against the other properties of the defaulter in cases where the holding which had been forfeited for default in payment of land revenue due thereon was not sold, or the sale proceeds thereof were not sufficient to meet the arrears.

The Mussalman members of this Assembly are not only grieved to find that false rumours are being spread by the Mussalmans outside the State through the press and memorials to the effect that Islam in the Mysore State is in danger and the Mussalmans of the State are exposed to various troubles, but also regard the result of such false propaganda as harmful and therefore this Assembly recommends to the Government of His Highness the Maharaja, on behalf of all the Mussalman members of the Assembly, that Government be assured that the Mussalmans are like others, enjoying all the rights and privileges under the benevolent rule of His Highness and that the said Mussalmans are devout and loyal subjects of His Highness the Maharaja.
